

GRADUATE CREDIT PETITION

Students who have completed course work in either the Professional Institute for Educators (PIE) or Summer Music Studies (SMS) program earn graduate credit but this has not been reflected on the transcript type issued by The University of the Arts. PIE and SMS students are asked to list their highest university credentials on registration materials but to date have not been required to provide official documentation of these credentials. If a student would like for his/her official University of the Arts transcript to reflect **Graduate Record**, please complete the steps below for a **Graduate Credit Petition**. In addition to completing the **Graduate Record Petition**, students will be required to submit a copy of their transcript from universities attended where the highest level degree was earned.

The completion of the Graduate Credit Petition will convert all existing and future coursework taken through either PIE or SMS to be listed on The University of the Arts transcript as an academic level of "Graduate Record" instead of "Continuing Studies." **This petition will only need to be completed one time in order for a student's coursework to be reflected as Graduate Record.**
