What We Do

COLOR LASER PRINTING

For budget printing purposes, laser prints are suitable for proofs, posters, headshots, résumés and more. Prints are available on copy paper, as well as higher quality Hammermill paper in both text and cover weight. This option is great for everyday printing and quick turnaround.

INKJET PRINTING

For high-quality giclee printing: Inkjet printing is suitable for art prints, photographs and greater color depth and accuracy. Prints are available on archival paper and alternative media, such as fabrics or pictorico. Large format printing is also available with inkjet printing.

VINYL CUTTING SERVICE

We offer vector based vinyl decals in single solid colors of black, white, gray and red. We are able to make cuts as wide as 12.5" with letters as small as .75" in height. Contact the Print Shop for estimates on vinyl cutting jobs.

Our Policy

You will be responsible for paying for all finished output. We are not responsible for any damaged or flawed output after it has been released.

All jobs must be paid for before release.

Cash payments are not accepted. Payments must be made via credit/debit card.

ACCEPTED FILE TYPES

300 dpi PDFs for laser printing only

300 dpi PDF, TIFF, JPEG accepted for inkjet printing

Files must be flattened. Please bring files on a flash-drive or harddrive.

Files must be ready to print when dropped off. If any changes are needed, we will not print until you fix and provide the corrected file. We are not responsible for replacing missing fonts or images if they are not present in the file when opened. If you require a test strip (inkjet only) please request it. The first test strip is free of charge — subsequent test strips of the same file will come with a \$1 surcharge.

Please note that due to COVID-19, we are not currently allowing entry into the Print Shop. All jobs can be ordered and picked up from the service window.
